## OUTER BURIAL CONTAINER PRICE LIST

Effective: March 1, 2008

Prices are only valid within our service area. Prices and selection subject to change without notice.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements.
