“ Bruce and I were Hampton office neighbors back in the late '70s. I always appreciated his advice and counsel when I was starting my business. Rest in peace my friend.

“ So sorry for your Dad's passing. He was a larger than life character and loved "the Point". Lots of history with the Mackey's, the Montville's and the Hartsparents, kids and grandkids. Bruce lived a very full life and embraced many causes that benefited the seacoast and all those in it. We have fond memories of Bruce's daily walks in tube socks--- and sitting on the porch watching the sun set over the marsh. Our thoughts are with you.

“ What a remarkable man.
I knew that Bruce took a special interest early on in our efforts to start the Hampton Community Coalition, but I didn't know that he shared his time and talents with so many other organizations.

He lived his values, spending his years in the service of others.
What a remarkable and modest man.

“ My sincere condolences to Bruce’s family and friends. It was an honor and a privilege to have known Bruce. I first met him close to 20 years ago at a Save Our Groundwater meeting. He never wavered from his commitment to groundwater as a public trust resource. The work he did as founder of LifeWise Community Projects was exemplary, especially his youth mentoring program which changed many students lives. His voluntarism and can-do attitude will be sorely missed. I will miss my friend but my memories of him will never be forgotten.

“ I was so saddened to hear of Bruce's death. He was a close friend, actually like a brother, for over 80 years. We had so many good times together: starting in grade school, then high school, Bow Lake, Eastmans Point, Red Sox games, UNH Homecoming football games and on and on. He and Sue even visited us in Nebraska. I never had a better friend and will always treasure the many memories we shared. Elaine and I send our thoughts and prayers to the entire family.
