“ When Edna was 18 I would not let anyone under 21 in the bar section of my restaurant but Edna convinced me she would do no wrong so I allowed her. That led to a lifelong friendship including her working with me for many years. Edna was the most caring, sincere, and true person in the many people I touched in my life and we all must be glad that she touched our lives. Edna has left us for now but I cherish the time we had to spend with her. Bob and Bobbie Giordano

“ I have memories of the G ' s as far back as my memories go. I've heard stories from all sides of my family, about good times had there. You and your family are apart of my life. My aunt made sure to keep the connection alive with friendship. As she did with family. I will always consider you my family.

“ Edna was an amazing woman! She was so supportive of me in all the roles I served in at the Samoset Resort. She was a comfort to me as a young man in a management position and a great supervisor when good fortune provided me with a chance to manage the food and beverage operations at the Samoset. We had some great times together and I will certainly miss her. As Teisha has already said, Edna

was proud to have lived a life of service to others and I would say she hit a home run!

“ Edna was a wonderful caring person who always tried getting our class together for lunches when ever she could. She planned a few class reunions also. Her passion was organizing things and keeping touch with her friends.
A wonderful daughter to her Mom and wonderful aunt to all her nieces and nephews.
Good Bless and Rest In Peace

“ Writing something on here is hard. To pick one thing to focus on. My aunt helped raise me. She was always there for me no matter what. We drove each other nuts. But, she was my strongest supporter. She was thoughtful and giving. She would send me and my children care packages. And she would have one special thing in it for each of my children something they loved. And of course something special for me... I found one of these care packages in her house all ready to send to me. She was so much to me. Words can not begin to express how much I will miss her.

“ My most recent memory of my Auntie is from 2 weeks ago. She sensed that she was near the end of her life, and I feel so fortunate that she shared some thoughts with me. A most powerful thing she mentioned was how blessed she felt to have led a life of service. She said she felt like her role in life was to give of herself, to be of service, to others. She was such a bright light, the epitome of generosity, kindness and love. She patted my growing belly, and I felt comforted hearing that our baby will know her, whether she gets to hold it in her arms, or if they cross paths in the magical place between life and death.

Love and miss you already, Auntie!
