“ I'm so sorry for your loss. I graduated from Winnacunnet High in 2005. Sandy was a substitute in my math class from time to time. I remember him being in my freshman math class in particular. It was in the wood shop for whatever reason, and I remember him having somewhat of a twinkle in his eye. I was front seat in class and I think he knew I was there to learn and taught me so much. I was never the greatest student. But he made math make since to me.
He was a very special person and will miss seeing him at my voting spot or seeing his name on the ballot. (Witch I always filled in that bubble because of what he did for me.)
RIP MR.Buck

“ We, the State Representatives of Rockingham County, have lost a good friend. We worked together to ensure that our county was minimizing the burden of county government. Sandy was truly the tax payer's' friend. He carefully watched the spending and managed the cash flow. He was the best.
