“ Peach was such a talented person and diverse personality. I met her during her cooking years and her catering business, but really got to know her through Girl Scouts and mutual friends. I loved visiting the farm in Rye, getting to know the pot belly pig, Nigel, and the many other animals she took care of. She was creative and artistic; I still have a beautiful piece of stained glass she made for me. But mostly I will remember Peach for our many verbal discussions on the meaning of words, correct pronunciation, and proper grammar which came up in the middle of nowhere and were all done in good fun. We did make each other laugh, and I will miss her terribly. Love to the family. Cindy Lee

“ Dick and Stef, Peach was such a delight at Vermont College. She became my best friend, confidant, and co-conspirator. In the years since, we didn't see each other much but stayed in each other's lives. There's a hole in my heart that will always be there. I loved her very much. My thoughts are with you. I know what you meant to her.

“ Stefanie and Dick,

I am so sorry to hear of Peach's passing. I have many fond memories working for you guys on the farm in Rye, when I was growing up. I truly learned what hard work is and like to think it is there, where I developed my work ethic. I appreciate every opportunity I was given, your family has touched my life more than you will know . Peach was always there to offer a cold drink of water after a long day of haying! You will be missed Peach, but never forgotten.

“ I am so grateful to have known Peach, quite literally one of the most interesting people I've ever met. My deepest, most sincere condolences to the family, I know she will be greatly missed. Kelly Maxwell, Peach's former personal trainer!

“ Stef,
So sorry about your mom. Even though I never met her, I remember that she used to sign things for Mme Chamberlain’s French class as “Peche”, rather than Peach.
Thinking of you.

“ We have fond memories of our dance lessons together and the infamous dance recital . Also many fond memories of a fun cruise with Chiles when Peach's earring became detached from her ear. Life was always so interesting when she was around. She will be missed. Our condolences to you and the family.
