“ Happy Birthday Jake, thinking of you with love today. But that is nothing new, I thought about you yesterday and will tomorrow too.
Thank you for visiting me in my dreams so often just like Mom and Gram do, I've really needed it. I love you and miss you so badly, I still refuse to accept this as reality. I hope you're living it up today & have a few for me! Give everyone me love. Until we meet again my brother. Fly high angel

“ You were far too young to have been taken from us but you can now rest and enjoy the peace you so deserve!!

There is some comfort in knowing your with mom and gram and you will have nothing but love and happiness from here on out.

Until we all see each other again, much love xo Tami-jo

“ Oh man I could tell endless stories about my brother, as most people probably could. I love you Jake, I wish so badly that I had the ability to change things for you. I wish I could have somehow known you'd be taken from us so soon. I have so many regrets my brother, but you know I love you with all my heart and I know you're finally able to find some peace I just wish you had that here, with us. Xoxo
