“ The world is absolutely a better place because Jeff Bishop was here. Although the last time that I saw Jeff he was 19, big brother Kenny has pridefully kept me up to speed with Jeff's family and his pursuits. May his spirit be with us always.

“ It was a great privilege to teach in the classroom next to Jeff at ALCS! His classes were always full of excitement and learning! He always found time to listen to and disciple his students. Mr.Bishop led the middle schoolers up Mount Major many times, but most of all he taught them how to climb the mountains in life. Whenever a teacher needed help with something, Jeff was ready to help. He made and served breakfast to his fellow teachers when he led morning devotions. His life was a true example of servant leadership! Thank you Jeff for your kindness, patience, diligence and joy! May you cheer us on from Heaven until we join you there!

“ Mr.Bishop was always making me smile. That was his goal as a teacher to make every student feel appreciated, loved, cared for and know that they are always capable of doing so much as long as Jesus is on their side. He was a good man, a man that made everyone feel like family. He was an incredible father, teacher, and husband from the moments that I saw of him. He was my favorite middle school teacher and probably one of the most critical people in my young adult hood. Who showed me kindness and patience, even though at times we all definitely tested him. Mr.B from this pic the thing I probably miss most from my time spent with you is your ability to create unending joy. You were my coach for basketball and also my biggest fan. You brought us to dunks all the time or McDonald's. My favorite line of yours was “just testing ya”, you would say that when you would make a math or science mistake. Mr.B you definitely have an influence on the person I am today. I love you so much and my wish would be to give you a big hug. But I know you are receiving an even bigger, stronger, better and even more loving hug from the Lord himself. You will be DEARLY missed.
