“ A dozen or so years ago I serendipitously stopped by Seacoast Framers to discuss some framing issues. Judy and Kathy were not only wise in their framing knowledge, but we're most gracious and charming. Over the years I have had many visuals framed by these two experts and have always appreciated their conversations and thoughts. As I look at any of the framed works I will always remember the two sisters who created the perfect finishing touches to my visuals. I am truly sorry for Judy's passing and will pray for her soul and her loved ones. And I am most grateful for the inspiring connections we had.
