“ You were the strongest and kindest person I’ve ever known. You have always been my role model and exactly who I want to be like in life. I can not thank you enough for all the times at your house... you always kept me so included, every Christmas we made the punch together and it’s something I’ll hold on to. Thank you for the laughs and the understanding and mostly the unconditional love. I miss you so much, and I’m sorry we never got around to getting lunch together. I love you.

“ Linda, Mom, Mimi, I will miss you so much. You were the strongest woman I have ever met. Thank you for all your love and support you gave to me. You taught us all to be grateful and to find the positive in everything.

I enjoyed living down the “hill” from you and truly looked forward to seeing you every day. I will miss all the family dinners we had together. Being outside made you happy and when you had down time that’s where we’d find you sitting out in your lawn chair relaxing, reading or listening to music.

I’m so happy that Emma was able to experience your love. It was so much that it couldn’t be measured. When you spent time together you were focused and in the moment. No amount of knee pain would stop you from crawling around on the floor for hours playing “family” with Emma. The kitchen would be covered in art projects and the oven would be smelling of home made pizza that you all created together. We spent so many hours in your yard playing, soccer, store, swinging on the swingset and in the pool with Emma. Having your granddaughter was one of your biggest joys in life.

You took us every year on vacation to Ogunquit ME. We were lucky enough to spend so many beautiful beach days together, drizzle castles and sitting in tide pools. You set high standards for beachside tailgating with your home made bloody mary’s and lobster rolls.

Emma said that you will always be in her heart. That is true for us all. The things that you gave us and that we learned from you will stay inside and will be a part of us forever. I love you and miss you deeply, Angie

“ It is a blood tie, a firm fastening, a source of pride and envy.
She is the strongest person I will ever know.
Our relationship is unconditional, unwavering, and able to withstand great pressures.
It is complimentary and admireable at times, and complex and tough at others.
She can reduce my anxiety, and push my buttons.
But, our connection is unbroken, unceasing, and persistant.

Our lives took us down different paths. We went through periods where we may not have been as close as we once were. but we always found our way back to eachother. Her blood courses through my heart.

I will always love her, and I know she will always love me, that is understood.

We are Sisters. It is a Sisterly bond.
It is powerful, stout, absolute, and perpetual.

See ya on the other side, Linny. Until then, sit on my shoulder.

“ Dave, Chris, Angie and Emma,
We are so truly sorry for your loss ! Being next door neighbors for 20 years on the "hill" as Linda would call it led us to not only wonderful neighbors but also good friends. We shared gardening tips and products many laughs and a few cocktails. We looked out for each other on the Hill. Linda was always up for anything a positive smiling loving person and Emma was her shining light. We will miss her very much.

“ Tom and I are so sad to hear this news. We have known Linda for 30 years. Linda was the first friend I made at CE. Always up for a golf outing, happy hour, Christmas party or any company outing. We had so many laughs together. She was also very professional in her job at the same time. Not many people have that balance. She was one of few female managers at CE. Not an easy thing to accomplish there.

We'll miss her and we send condolences to her family.

“ Linda always greeted friends with a warm and genuine smile, she was up for anything at any time, and a delight to spend time with. She lived life to the fullest, had a lot of spunk, and cared deeply about her husband Dave and her son. Although it's been many years since we left Connecticut, she's still special to us.

“

Mom,

How do you start? Let's start with Thank you. Thank you for waking up at 5 am to tie my skates when I was young. Thank you for showing me to put passion into everything I do. You put me in baseball, hockey, skiing, golf and almost luge. You are my favorite and only golf coach. You taught me the love for food and how great it is to cook for your family and friends. Your passion for music and introducing me to some of the greatest bands. I will never forget the day after I told you I was getting married, you called me back five minutes later saying Chris, I have our song. What is it Ma? Skating away by Jethro Tull. Wow mom how do we dance to that? What do you mean Chris like we did a thousand times before when you were little. I love it Ma. My mom and I danced to that song at my wedding we were both ear to ear. I looked up what this song means only a couple weeks ago. Some people say it has to do with some of Ian Anderson's religious beliefs, but a couple people took it as this. One day as a person you will wake up and look back and question yourself and what your life could have been if you fought harder for who you truly wanted to be as a person. Now I am not sure if my Mom read into this or if we both just really liked dancing our hearts out to a good song? I do know she put everything into her work and she would come home and put everything into being a Wife, Mom, Sister and of course a Mimi. She woke up one day and said I am going to buy a Harley. Another day she woke up and decided to buy a boat with Dave and fish and be on the Ocean. She can look back and say I fought so hard for who I was as a person with no regrets. You shaped me you did everything you could to set Angie, Emma and I up for success. You set a foundation on how Angie and I should raise Emma in the most loving way and taught her she could do anything. Thank you for always being so positive regardless of any situation in our lives. You are a superhero and our Queen always and forever. On behalf of all your family and friends we thank you for your friendship your love your passion and always putting us first.

Your Son,

Chris

“ That was beautiful Chris. Your Mom was one of a kind. I met Linda when I was 13, that was 50 years ago. Can't tell you how many times we walked from her house all the way to Scitico and back ! We saw each other less as the years went by but I know she would have been there for me if I ever needed her , that's who she is. Always sincere ,always a friend. I truly wish I could have been there for her. So sorry for your loss. Kathy Perrier

“ Chris,

As I am just hearing of the news of your beautiful mother's passing, I sit here with so many beautiful memories of her and the times we had together as families. Most of them involving hockey, food and music. Although it has been years since we have seen each other just know that my heart aches for all of you. I am so sorry for your loss. I will pray for each of you. Hold on to those sweet memories and know that she is always with you.

“ I am very saddened to hear this. I worked with Linda at Alstom/GE. My goal was to work "for" her rather than be a coworker, sadly that did not happen. She was such a beautiful person, cared about her employees, cared about people and had such a great energy about her, (maybe it was passion for people she met and knew)? . She was such a great team builder (lunches/evenings) outside of work. Such an amazing woman and I am so grateful I met and worked with her.

I send condolences to her husband and family and also her friends and co-workers. Such a loss :(

Laura Schafer - September 02, 2020 at 06:01 PM

“ I don't know where to begin, as I could probably write a book of my memories with Linda. First I have to say how very sorry and sad I am for David, Chris, Angie, Emma and her whole family. My heart hurts for all of you and all that knew her. Not only were we work colleagues/family from CE to GE, but we were good friends. From ski trips to "Big" Ed Rudolph's Okemo house, many golf tournaments and that very memorable Key West vacation. Linda started our tradition of having the only golf foursome with gourmet food bringing lobster rolls after her Maine trip. It was a hard act to follow, but we still have the only 4-some today that has food for every tournament. Linda had a work ethic that you don't see much anymore these days and all should be very proud of her. She gave it her ALL. I used to have to tell her to "stop talking work" ! When she retired early, I missed her then and I miss her now. Linda, my friend, until we meet again on the 19th hole, Apre' ski, or in a boat, RIP and God Bless ! XXOO

“ I'll never forget riding around in her mean, green turino. Whoodie who Linda, whoodie who.

I will miss that beautiful smile, her stoic outlook, and her sense of humor. I could always count on Linda to bring a objective perspective to whatever it was we were discussing and I do mean anything. As usual if it got to serious she could always lighten the moment.
