“ I just came across Terri's obituary on line and am so saddened to hear of her passing. I knew Terri through the Exeter Area Garden Club when I lived in North Hampton. She was such a talented woman with her photography and gardening skills. I have some happy memories when she hosted various gatherings of the garden club at her home and shared her beautiful gardens. My deepest sympathy to David and her family

“ I'm so sorry to learn that Terri has left us. I got to know Terri through the NH Society of Photographic Artists and the NH Art Association. I particularly enjoyed working with Terri to hang the annual NHSPA Exeter exhibits as she formed a vision of how the entries should be arranged. Good natured arguments between Terri and those of us hanging the show sometimes resulted in minor adjustments, but the shows consistently reflected the artistic integrity of her vision. We will miss her.

“ I was sadden to hear of Terri's passing. I knew Terri through her photography and was excited when Terri would call and arrange a time with me to hang an exhibit. I was privileged to hang her work on penguins which I know was close to her heart. I always admired Terri's strength and fortitude she was a remarkable women.
