

Alexander Sekulic

May 4, 1953 - July 26, 2025

Salisbury, MA – Alexander Sekulic, 72, of Salisbury, passed away peacefully on Saturday, July 26, 2025, at Portsmouth Hospital, surrounded by his loving family.

Born in Lynn, MA, on May 4, 1953, he was the son of the late Dobrivoje and Wilma (Swartz) Sekulic. Alex graduated from Lynn English High School with the Class of 1970 and went on to work as a machinist, a trade he practiced with pride for many years. He spent the last two decades of his career at Boston Scientific.

At the time of his passing, Alex shared 19 wonderful years with his wife, Louise (Arsenault) Sekulic.

Alex was a true character—known for his infectious smile, sharp wit, and cheeky sense of humor. He loved to make people laugh and lived life with boldness and joy. A lifelong enthusiast of motorcycles, he never missed Laconia Bike Week and treasured rides on his prized Harley Sportster. He also enjoyed working on home and bike projects, collecting cars, and relaxing on the beach or out on the boat. A fan of Jägermeister shots and vodka with grapefruit, Alex appreciated life's pleasures and always found fun in the moment.

He will be deeply missed by his wife, Louise; his children: Alexandra Sekulic and her husband Gregory Chavez, Patrick Sekulic, Melissa Sekulic, and Christopher Sekulic; his stepchildren: Heather Arsenault, Katie Arsenault, John West, Brianna West, and Elizabeth West; his siblings: Rosemarie Nuetzel, Christina Sekulic, and Peter Sekulic; many grandchildren and great-grandchildren; and his very special grandchild, John Roger West IV. He is also survived by his loyal dog Jasmine Sekulic and his grand dog Bella West.

Alex's spirit will live on in the laughter he inspired, the adventures he shared, and the love he gave freely to all who knew him.

Visitation will be held from 10 AM to 12 PM on Friday, August 1, 2025, in the Remick & Gendron Funeral Home-Crematory, 811 Lafayette Road, Hampton. A memorial service will be held in the funeral home immediately following visitation. Donations in Alex's memory may be made to the Prostate Cancer Foundation by clicking here (<https://www.pcf.org/donate/>)

“ I will always remember my brother Alex for the younger years where we and our group of wild friends such as Billy H., Danny T, Jimmy P, Helen and others that would come and go through the years had some great times and lots of fun. Alex was the life of the party and whether we were trying to sneak into concerts or just hanging around it was always a good time. We've all mellowed out over the years but the memories continue and will be with us forever. You will be missed and you will be forever loved, Your sister, Chris.

I worked with Alex at Boston Scientific for over 20 years. We both worked in the machine shop.. I left the machine shop and was in R&D for most of my time. Alex was always helpful and had a great sense of humor. Wish I could make the service, but recently had surgery. R.I.P. Alex!

“ I have so many great memories of Al. We met in jr. high and he became one of my closest friends. We bought our first car together, '56 Willys Jeep. We went hunting, fishing, swimming, and surfing together, just hanging out was always a blast. His family was like my second family.

Ridding around in his Chevy SS convertible, driving to the cape to surf Coast Gurard beach will be a fond memory. I have so many stories from our early days which I will cherish for the rest of my life. I will miss you Al!

With Love and Respect,
Bill Henshaw

“ Here are a few stories that I, Rosemarie (Alex’s younger sister), would love to share with Louise and family. We have so many stories, these are just a few for now.

When I was 15 my brother Alex assisted me with my 1st way of transportation, a Yamaha 200. Alex taught me how to ride and I passed with flying colors at the DMV when I received my license. I had a license to ride a motorcycle before even having one for driving a car. I loved that motorcycle. I rode it everywhere and kept riding for many years.

I traveled a lot for work and one of the places I often visited was Manhattan, NY. The trade show was the 1st week of January so I was always there for Times square NY eve. So Alex decides he’s going to come out and meet me for one of my first trips. We had so much fun, pub hopping and meeting all kinds of people. Unfortunately we had too much fun for when it was time to watch the ball drop, we were looking at the wrong building and missed it. I don’t think either of us made that mistake again. All in all, so much fun!

Then, one 4th of July in California, we spent the day swimming, barbecuing, partying and having so much fun with the kids. After a few cocktails Alex and my husband, Blake, thought it would be a great time to go out front with the kids to light some sparklers, I keep telling them it is not a good idea for it was illegal here. However, they did not want to listen and on the 1st light of the sparklers what comes down the street – a firetruck, which of course stopped. I was the only sober one at the time since I was watching all the kids. The fire guys had sympathy for me and instead of giving me a ticket they let all the kids get on the truck. It ended up being a great day and night!

We had many pool parties at our home in California when Alex would visit. There is one in particular that was so much fun. When Alex and Blake decided to get in the inner tube together and they

got stuck and could not get out. All of us - Ali, Patrick, Amber, Hayley, Monique and I - thought instead of helping them, it would be a much funnier idea to get the video camera. So now we have this memory for a lifetime to mess with them both. That was a great day and by the way we did eventually assist with getting them out.

We are all going to miss Alex so much and are so thankful for all the stories, videos and photos we have to cherish forever. Alex will never be forgotten, his memory will be carried on forever with our children, his children and grandchildren.

Love Always, Rosemarie, Blake, Amber, Hayley, Monique

PS

“ Hello everyone, my name is Peter Sekulic, the younger brother of Alex. I have been living in Southern California since 1976.

I would like to share with you something that my brother Alex and I experienced together.

In 1972 my dad was transferred for his job from Massachusetts to Southern California. My brother Alex decided to stay back East, and I also wanted to stay. But at that time my parents would not allow me to be on my own until I turned 18. But Alex and I came up with a plan that Alex, and his wife Pat would fly to California and the three of us would drive from California to Massachusetts once I turned 18. And that is when the adventure begins. Once we started our journey, we had no idea that we would encounter bad weather from Texas all the way to North Carolina. So, we decided to stay overnight in a hotel in North Carolina to let the storm pass, and not long ago, Alex and I were reminiscing about that adventure, remembering the journey driving over icy roads and gliding over icy bridges. That was a challenging experience, but thank God, we made it safely to Massachusetts in three days from when we left California. That was an experience that will never be forgotten, but through that experience I got to learn how well my brother Alex could handle difficult situations. That's who my brother was, able to deal with difficult situations with strength and character.

As we say goodbye to my brother Alex. Let us remember the memories we shared and even though Alex is no longer with us, he will live in our hearts forever. We love you.
