“ *Kathy and Family,  
We just wanted to convey our deepest condolences to you and your family on the loss of our dear friend and club member. Andy could light up the darkest of rooms with that giant smile. He never had to be asked to help with club projects, he would just jump in to help in any way that was needed.  
Andy was a genuine nice person, his memories will last forever in all of us that had any contact with him. It is hoped that you also can share your collective memories of All the great times you have had together over the years as a family.
