“ *In the mist of all on her plate , she lived Life her way, and always had that smile that lite up any room. Her humor, gave us all a touch of joy. When you look at the stars tonight, the brightest one is Angelique, the unique. I love you. Leave the light on for me. Your friend, Bill Cole*

“ *I will always cherish the memory of us at the Green day concert. It was six months after your transplant. You were screaming at the top of your lungs and you turned to me and said "I've never been able to do that". You were so happy. I love you so much and I'm going to miss you everyday.*

Karen, you were so much more than Angie's Aunt... you stepped right into the mom role after your sisters passing like you have done for so many others. You love with your whole heart & I am praying for that heart to be strong & filled with lightness and love as you navigate Angelique's loss. I love you, my friend.

“ Or deepest sympathy and thoughts are with the family. Ang was one of my sister's (Johanna) closest and longest friends. Ang used to babysit my dogs when we went on vacation. I was always amazed by her never ending smile and positive attitude. She was so beautiful on the inside and out. She touched so many lives with her inspiring story to never give up and to live so fully. She will be greatly missed! So sorry for your loss!
