

## Ann M. Barrett

December 1, 1933 - May 29, 2024

North Hampton- Ann M. Barrett, 90, North Hampton, NH passed away on May 29, 2024, in the care of the amazing staff at Webster's at Rye. Ann was born in Worcester, MA to the late Robert E and Mary A. Martin. She was predeceased by her beloved husband William J. Barrett in 2017. She is survived by her brother, Robert Martin and her family of six children, Brian (Ana), Beth Gebhardt(Carleton), Kathy, Eileen, Joanne Lazarus (Barry), Dennis (Masuma) and her eight much cherished grandchildren: Caleb, Harrison, Caroline, Kaz, Brianna, Ethan, Aimee, and Maryanne.

Ann's family would not be complete without including her lifelong friend Rosemary Belsito who preceded her by 371 days. She was a graduate of Ascension High School and was employed as a social worker for the city of Worcester until her marriage to Bill Barrett in 1958.

Besides raising six children, Ann became a paralegal and worked at the Superior Court in Exeter, NH for two years before switching to the legal firm of Kenyon and McCaffrey for 8 years. That led to an interest in real estate in which she obtained her license as an independent contractor for Coldwell Banker Residential Brokerage where she worked for 20 years earning Silver, Gold and Platinum awards.

One gift that each of Ann's children and grandchildren all treasure is from her

talent at making amazing quilts. Be it a baby quilt from when each grandchild was born, a bed quilt or a table runner, each quilt was lovingly created with the receiver in mind. Ann loved making quilts, buying lots of material, attending quilting workshops and talking to other quilters.

After surviving decades of New England winters, Ann and Bill fulfilled their dreams and retired fulltime to N. Fort Myers, FL and lived the life of warm winters and New Hampshire summers. Ann continued the tradition after Bill's passing until this past year when she rediscovered the joy of wool and turning up the thermostat.

The Barrett family will greatly miss our matriarch. No service is planned, a memorial is being considered for the summer.

“ I met Ann while working with her daughter Joanne. Her warm smile and quick wit instantly drew me to her. She loved her family passionately and was always welcoming. You just knew that she ‘saw you and loved you’. We treasure you, Ann!
