“ *Ann (Mrs. Bednar) was my Teacher of the Deaf and Hard of Hearing from 1988-1989. She was one of those individuals in my life who really helped to shape the course and trajectory of my education and my future career. Who would have thought a class exercise learning about an audiogram and my own hearing loss would empower me to start a deaf/hard of hearing support group in college, and later become an audiology professor with hearing loss? I'm not one to brag, but I am bragging for Ann. She was truly an amazing person, and is already sorely missed! My thoughts and prayers to Ann's family, children, and friends. Sam Atcherson*
