“ *I remember Arthur from the Hampton Bicentennial Committee. Since I was young and not a native of Hampton it took some time to show everyone that I truly cared about the town. Arthur was such a knowledgeable man and I learned so much from him while we worked together. Through the years I have never forgotten him and considered him my friend. He will be missed. I'm sending my prayers and condolences to you in your time of grief.*

“ *Arthur worked tirelessly on behalf of the Town of Hampton. He never looked for a pat on the back or praise. He got involved and volunteered on many committees because he was old school and believed it was the right thing to do. Thank you Arthur for all you did to make Hampton a better place to live.*

“ Mr. Moody was one of my every day customers at a previous job I held for many years. Mr. Moody would come in, sit at my desk and we would just talk about the history of Hampton, among other world topics. He didn't do that when we first met, it took him a while to warm up to me, but once he did, I would really look forward to our chats. I will miss his quick wit and dry sense of humor. Rest in peace Mr. Moody.

“ Sending thoughts and prayers to the Moody family. Arthur was always a faithful presence at the events and activities taking place in Hampton. He was an active participant in the legal business of the town and school. I don't think there was ever a time I asked him something that he didn't do his best to get back to me with a well thought out answer. He was my advisor in all things Hampton. I will remember Art as a teacher and a friend. His passing marks the end of an era.

“ Arthur, unlike many public servants, never sought to benefit himself but thought only of the welfare of his community. He was dedicated to preserving our history as an old NH town. He was a walking encyclopedia of local knowledge, and never hesitated to speak truth to power. He was a gentleman and friend and mentor and I will miss him always.
