“ *RIP our dear friend Barry we hadn't seen each other for a few years but you were always in our hearts. Unfortunately we just found out about this sad passing. Barry was a good man he stood up for us at our wedding and when we were together having fires in the back yard and playing horseshoes or croquet it was always a great time . He will always be remembered with always having a smile on his face and his love for life. Our deepest sympathies go out to his family

“ Barry brought my fiancé Jason and I to one of the best NIN concerts ever, and he was there for my second NIN concert as well. I will always smile every time I think of him. His service today was beautiful and I am thinking of his family tonight. I am so sorry for your loss. He was an awesome friend.

“ Berry Pool, you brought me to my first concert. Three Doors Down, Tantric, Shindown. Fires in your back yard. Watchin the Super Bowl in your sound room. You were an amazing person. I will not be able to attend the funeral, but I will be there in thought. I will be lighting sage and sending smoke and prayers to our creator with you. Berry was a good person to those close to him. A good friend to the end. They say things happen for a reason. Well I don't see the reason for why the creator would want to take him now. 2 Weeks before his daughter is expected to give birth. Teryn Marley Poole I am so sorry for your loss. Your dad was a good person to many people. Berry Pool, may the creator watch over you in heaven for death is not the end, but the start of another journey. You will never be forgotten, always be missed. We will see you soon Berry. In our thoughts, prayers, dreams. Every time NIN is played you will be thought of. Rest in peace Berry Pool. I will never forget the first concert you brought me to. Namista

“ We used to work together and were also neighbors. We had a path way through a small patch of woods between our houses and we were always having BBQ's. He would come to all of them and party with us. We had so much fun. He will be missed for sure. My prays go out to his family.

“ You were the type of father a kid would love to have. You were so loving and caring. I have so many awesome memories with you from when I was just a little kid to now. From music to sports and other activities you made me as passionate about them as you were. Not many fathers and sons share favorite bands NIN and that brought us even closer together. I know you will always be with me in spirit and will not go a day without thinking of you. Your at peace now and I know your spreading your love and joy on the other side. I will see you when I get there.

Love you forever.

“ Barry,
We had alot of good times together my friend, Panama seems like so long ago, but I can remember you and your laugh just like it was yesterday. I can remember going to your house and listening to 70's rock & roll albums (you had a good ear for music). Another time I'll never forget is the night you me and Willie hung out together at the picnic shelter in Farfan...I won't go into details, but Willie & I were laughing at something you did (you didn't like that) but we couldn't stop laughing at you...you eventually developed a smile....and started laughing at yourself too!...Since I haven't seen you for all these years....I'll remember you just as you were, that night...so long ago...laughing....Rest In Peace my friend, see you on the other side.

“ I will always remember how he could make anyone laugh at nothing! He didn't seem to take himself too seriously. He loved to cook and that was mostly the topic of our conversations when I would ask him where something was in the store. He would ask "What cha making?" Barry you will be missed for a lot of reasons..your love of family was the best of you.
