“ *Betty did so much for the cats of the seacoast area. She was ever present at MRFRS' events and local fairs, selling cat toys and related items from their booth. I'm sure her kind and gentle nature made plenty of sales and increased donations for their cause.*

*Of all the items available, Betty's own handmade catnip was by far the best. My cats, who would sometimes ignore, or become quickly bored with store bought catnip, would go bonkers for Betty's. Betty's stuff would surely put them into a trance. Betty's catnip was so good that I had to place it in double containers, and the cats would still paw at the cabinet it was stored in.*

*Like her catnip, Betty was a special person. She would always find that little something extra to add while you shopped, whether it was conversation or another item. She will be deeply missed.*

“ *Betty was a wonderful person...so kind. She donated many hours working for the welfare of cats in the seacoast area. We met as volunteers at the NHSPCA; and later she spent many volunteer years at MRFRS. The cats will surely miss you Betty and so will I.*
