

Brian C. Kenerson

July 3, 1960 - April 22, 2025

Kensington - Brian C. Kenerson, 64, died peacefully at his home in Kensington surrounded with love by his wife Janet and his son Brian after a long 2 year battle with metastatic melanoma.

Brian Charles Kenerson was born on July 3, 1960 in Exeter, NH to Charlotte Perkins and the late Carl Kenerson.

Brian grew up in Kensington, NH. He was a country farm boy that graduated from Exeter High School. He worked at Callahan oil as a mechanic in high school and later went on to open his own business operating B.C. Kenerson Construction, LLC.

In addition to his mother, surviving family members include his wife Janet Kenerson, who was his 6th grade girlfriend and the woman who he has shared that last 26 years of his life with; his son Brian C. Kenerson II and his wife Jessica and their children, Dawson & Harper Kenerson; his daughter Rebecca Kenerson and her children Caleigh Price, Taylor Price and Cody Price along with two great grandchildren Vivienne and Vincent Lombardo; his brother Bradley Kenerson and his nephew Bradley Kenerson II.

In addition to his father, he was predeceased by his brother Carl "Rusty" Kenerson.

He loved raising his chickens, going out for seafood dinners and letting his granddaughters braid his long hair and beard. His passion was his work and any chance he could get you could find him outside "tinkering" in his yard fixing something. He always had friends stopping by needing his expertise. He was a smart man and would help anyone he could. He will be missed by everyone that knew him.

As he would say to his granddaughter when they would say goodbye

"See ya in the mornin"

Visiting hours will be held from 4-7 pm on Wednesday, April 30, 2025 at the Remick & Gendron Funeral Home-Crematory, 811 Lafayette Road, Hampton. Services will be held on Thursday at 11 am in the funeral home with burial following in the Village Cemetery, Kensington. Relatives and friends are respectfully invited. In lieu of flowers donation may be made to the American Diabetes Association, P.O. Box 7023, Merrifield, VA 22116-7023 or online by clicking here (<https://diabetes.org/?form=Donate>)

“ Brian started out as my landlord but quickly became a mentor and a friend. I will always cherish the days spent hauling equipment around in the Pete while sharing genuine conversations.

“ Although not really close Brian was my step brother and a really good man. I used to run into him occasionally on construction sites as well as doing the concrete floor in the addition on the house many years ago. Sorry to see his passing. Condolences to all the family. RIP Brian.

“ Brian was one of my closest friends and I will miss him dearly. One of my best memories of him is when he called me at 3 am and said you have to help me, "I am knee deep in piglets"! We delivered about 35 to 40 piglets that night. My young children came over later and got to see them all. We also discussed it we'd ever have a 24 hour period without having to fix something, He may have that now, at least I think. If he is fixing for God I'm sure he will save some fixing for me when I get there. Peachy

“ Brian was a friend I will always remember..years we worked together on dozens of mechanical and excavating jobs..a true hands on farm boy never afraid to jump in up to his beard in grease and oil..helped a ton of seacoast area guys keep their businesses rolling...His tough bearded appearance was just a facade because he had the biggest heart and loved kids and animals,he was devoted to his kids and left a lasting impression on me on his love of family...Brian your at peace now I will always cherish our friendship and how much you gave to my young family....Heaven just got one hell of a good guy and mechanic,RIP buddy

Robert Claxton - April 24, 2025 at 12:18 PM

DM

“ I knew Brian from the Callahan oil days. We formed a relationship over talking about cars and equipment. Later on we did excavation jobs together wich we never argued once. We would get the jobs no one else wanted and we would put our minds together and get it done. When I had a mechanical problem I couldn't figure out i would call Brian for the answer. He was one of the smartest persons I ever knew. When I got diabetes he talked to my on what I should do. I will miss you Brian but will keep you in my mind every day buddy. To this he would reply No Shit!!!
