“ *Lisa, Leslie, Jaime, Jim and family, we are so saddened by the loss of Carol. We think of her often and keep her in our prayers. We grieve for your pain and keep you in our prayers as well. Carol stopped by our house just months before her passing. She looked beautiful and was so full of peace and optimism for whatever her future was to become . We were so happy she took the time out of her busy day to take a trip up to Maine to see our shop and home. She was a truly loving and giving lady. She boasted of her beautiful children and grandchildren every time we visited during our tax visit. She also was the best at her job. We have gone to Carol for over 20 years and I honestly don't know what it will feel like to not have her to consult with. She was not only a great accountant and advisor , she was a great story teller, and a great listener. She will be sadly missed by our family . God bless. Sincerely Diane Paul Bianca and Riana Williamson*

“ My thoughts and prayers are with all of you. I will greatly miss Carol as she was not only my tax consultant she was also my yearly therapist as she would always listen and care about my life and all my children. Each year I would look forward to my travel to Greeland and catching up with Carol about her family and mine. We shared a love of primitives and crafting. Goodbye Sweet Lady I will never forget you. ❤️

“ *Even though there are times in our life we do not actively partake in our destiny, we remain on a path that at times is chosen by us, while at other times it is chosen by fate. Life is the passage of time; it slows down to permit us to experience the worst moments, yet hastens during moments of great happiness. It was never meant to be fair, let alone just. It was only preordained to be lived, and Carol Jean lived - once among us, now forevermore in the remembrances of who she was.*

“ *Carol...you were much more than our tax consultant...you were our neighbor and our friend. We had many wonderful conversations over the years...and you bonded with me over my breast cancer two years ago and shared some of your story...though I did not fathom the enormity of YOUR suffering! You loved your kids and Jordi...and were fortunate to have remained close with Jim...who was a tremendous help to you. Sorry we missed out on that lunch. We will forever think of you and miss you.
