“ *RIP my dear sweet son. I miss you so very much. I apologize to all in the delay of information as this has been a very difficult time and we are grieving quite deeply over the loss of Codey. Codey was extremely intelligent, funny, kind and could no longer battle the demons that haunted him so deeply. I pray you have found peace and learned what true happiness feels like. I know you are flying high with so many amazing Angels including your dad, Corey McIntire and most recently your beloved uncle, Braytie! Fly high my son you will forever be loved and remembered. 143Always❤️*
