“ *Mary,*

I was saddened to hear of Craig's passing.

After seeing the photos on his tribute wall, I can see his love for his family and for being a ski instructor. By being an instructor, Craig gave the gift of skiing to so many people. I will take a run down a steep trail in his memory and remember him during my lessons this season.

You and your family are in our thoughts and prayers.

“ First met Craig while working at the country club when I was in high school. Worked with him for several years during the summers. He was an easy-going guy and we became great friends over the years.

His medic experience came in handy when I had eye issues and he would come to my home to give me my insulin shots.

I spent some time in Maine hanging out with him at the "Bethel house"...watching the snow fly while drinking coffee and eating donuts around a wood stove in the kitchen.

Always had a positive outlook and very encouraging to all he met. He is missed. I was blessed to have known him.
