“ *Heidi and Jim and Candace. Condolences on the loss of Danielle. My only real memories of Danielle are from the company summer outings where Danielle and Candace were often found swimming in the pool. Simpler times back then. Stay strong. Tery and I are thinking of you.*

“ *Please accept my most sincere condolences on the passing of Danielle. While I unfortunately never had the pleasure of meeting Danielle or yourselves, it was obvious to me the impact she made on my daughter, Brooke. Danielle helped make Brooke's transition to a new city so much easier than I had expected. The two of them really hit it off as roommates and friends. My thoughts and prayers are with your entire family.*

“ There are no words to describe the loss of someone like Danielle, and I am so deeply sorry for the pain your family is enduring. Danielle was a kind soul, and the world is a bit darker without her. I struggled with friendships in school, and Danielle was always approachable and kind to me when others were not. Her positivity was infectious, and I am so grateful to have known her growing up in the small capacity I did. Sending my deepest condolences to your family and Danielle's loved ones.

“ French family, I am so sorry for your loss. Danielle was such a vibrant and special person, it was a blessing to have known her. I'll always remember her infectious laugh and the iconic PCSC penalty kick that made us all 5th grade state champs. Frenchie has a special place in my heart and in my memories. Sending all my love and condolences to your family.

“ I am at a loss for words when I heard about Danielle's passing. Danielle was one of my first friends at UNH and one of my best friends as well. She always made me feel welcomed and at home when I was around her and nothing can replace that. She had a vibrant personality unlike anyone else I've met and she will truly be missed by all. My deepest condolences to the family and everyone Danielle touched along the way.

“ I got the extreme pleasure of having Danielle as a French student in middle school for 3 years. Later, in high school, she even came back and worked with me in my classroom. She was hard-working, fun and so full of life. Please know that her presence in this world is felt even farther than you can imagine. Everyone who knew her (even just for a little while) remembers her fondly. Prayers for all of you who were blessed to be her friends and family.
