

Denise A. Sylvester

September 28, 1942 - September 25, 2023

Delray Beach, FL - Denise A. Sylvester died peacefully on Monday, September 25, 2023, surrounded by those she loved, in her home in Delray Beach, Florida.

Denise was born on September 28, 1942, in Woburn, MA, the daughter of the late Robert and Eva Olson Walsh of Woburn, MA.

At the time of her death, she was married to Ronald A. Morse of Manchester, NH. Denise is also predeceased by her late husband of 42 years, Richard Sylvester, her son Richard Sylvester, Jr. and her brother, Robert Walsh, Jr.

Denise was a longtime resident of both Rye Beach, NH and Delray Beach, FL. She was an accomplished golfer. She loved playing golf at the Abeniqui Country Club, the Wentworth by the Sea Country Club and the Boca Raton Club in Boca Raton, FL. Her name graces many trophies where she will be remembered as an excellent putter who could easily drain a ten-footer and once got a hole-in-one at Abeniqui.

Denise was also very witty and a classy woman who was enjoyed by all that knew her. She never spoke an ill word about anyone and never once complained about the myriad of health issues that plagued her throughout her life. Rather, she would brush them off and ask, "How are you doing?"

She was a woman of true integrity and will be missed by her loving family that includes her daughter Tina Bosen and her husband John Bosen, her grandchildren, Nicholas Sylvester, and his wife Thayana, Samantha Jewett and her husband Nicklas, Carina Sylvester, Brian Montgomery, Jackson Sylvester and her beloved daughter-in-law, Janice Sylvester. She is also survived by 2 great grandchildren, Adele Denise Jewett, Nico Sylvester and many nieces and nephews whom she loved and cherished very much.

A private visitation, for family only, will be held from 3 to 5 pm on Thursday, October 19, 2023, in the Remick & Gendron Funeral Home – Crematory, 811 Lafayette Rd., Hampton. A separate private graveside service will be held on Friday, October 20, 2023, at 9:30 am at the Rye Central Cemetery.
