“ Diane was more than an employee at Turning Point. She treated the guys she cared for like family. She was so happy to be working with the guys. We spoke many times about her happiness there. Wished she had made a move a lot sooner. I am a brother of one of her former clients and I can say that if it wasn't for Diane back in 2013 when our mother passed away, my brother wouldn't have made it through that transition the way he did if it wasn't for Diane. She had made a promise to my mother to care for David, and care for him she did. The whole staff was instrumental, but Diane watched him and made sure he was OK. Not just a few days, but the whole time she worked there. She had become like family. And we treated her like family. Needless to say, we were saddened by the news last week, and send condolences to Diane's family. We lost an amazing woman who had really found her niche. It takes special people to work with these clients, and she was one very special person. Diane, you will be missed but never forgotten.

“ My heart is broken. You were so much more than an employee, you were my friend, we laughed, we cried and even got mad at each other, but we always came together. You were the hardest worker, loved my guys and took care of them as if they were your own. You will forever be a part of us. I love you my friend. Fly with the angels. ❤️❤️
