“ Diane where do I start, you were so many things to so many of us. But for me you will always be the symbol of all that is good in the world. Being around you always brought a smile to my face and laughter to my heart. You lit up a room and made everyone feel like they were your closest friends. I can say my life was made so much better when u came into it, and is missing something that you are not. May you rest in peace and always carry your 1 square of TP with you. Love Rich

You always had the best sense of humor as well as a smile or a joke for everyone. I have so many great memories to hold on to. You will be missed by everyone but never forgotten by anyone. Rest in peace my dear friend ❤️
