

Donald H. Osborne Jr.

March 11, 1943 - September 8, 2013

Rye - Donald H. Osborne, Jr., 70, of Rye, died Sunday, September 8, 2013 at his home surrounded by loving family.

He was born in Glen Ridge, NJ, March 11, 1943, the son of the late Donald Harrison and Doris (Hawkey) Osborne.

Don was raised in Verona, NJ and was a 1961 graduate of Verona High School. He went on to earn his bachelor's degree from the University of Pittsburgh. After college, Don entered the U.S. Navy, earned his Naval Aviator Wings, and flew the P-3C Orion aircraft. He left the Navy and flew for Delta Airlines for the next 28 years. He and his college sweetheart and wife of over 46 years, Sandra (Sirms) Osborne, moved to Rye from New Castle in 1975. In Rye, Don was an active member of the Rye Lions Club, a volunteer for the Rye Senior Serve organization and was a board member of the Beach Club. He also served on the board of The Housing Partnership in Portsmouth and was a past president of the North Country Region of the Porsche Club of America. Don was an accomplished woodworker and photographer; many of his beautiful photographs were displayed and sold at local galleries.

Always generous, loyal and giving, Don volunteered his time willingly to help those in need. He had a great sense of humor, connected easily with people and made many friends. He loved his family and spending time with them was

the most important part of his life. He will be sadly missed by all who knew and loved him.

In addition to his wife Sandra of Rye, Don is survived by his sons, Jeffrey Osborne and his partner Kenneth Mayers of Boston, MA and Kevin Osborne and his wife Jennica of North Berwick, ME; his sister Sharon Lee Osborne of Union, ME; his granddaughters, Katherine and Elizabeth Osborne, and his golden retriever Elke.

Calling hours will be held on Friday, September 13, 2013, from 2-4 pm and again from 6-8 pm in the Remick and Gendron Funeral Home, 811 Lafayette Rd., Hampton. U.S. Navy honors will be held promptly at 4 pm. Relatives and friends are respectfully invited. A private family memorial will take place on Cape Cod in Truro at a later date. In lieu of flowers or donations, Don's wishes were "Strive to treat everyone you know with love and respect and hopefully the world will be a better place."

“ *Donald H. Osborne Jr.*

“ *A great friendship developed over the past 33+ years with Don and Sandy. Don was not only a great friend but also my colleague and mentor. I flew with Don on one of my first trips at Delta. When we discovered that we lived very near to one another in Rye, he immediately invited Sharon, Jennie, and I over to his home to meet Sandy, Jeff, and Kevin. As newcomers to New England and Delta he made sure we felt welcomed. Over the years we discovered that Don was a true friend, always there with a helping hand for us and anybody who needed a little assistance*

Although Don and I didn't fly together much after that initial time we did share a lot of the same interests: aviation, Porsches, woodworking...just to mention a few. We both loved humor and were always eager to share a new joke with one another. We've had many conversations over a cup of coffee. We've enjoyed many trips to Bill Grady's fly-ins as well as occasional dinners and gatherings with our wives and close friends. My list of great memories goes on and on.

Don was a great friend, husband, and father. He has left us with a very large void. We miss him immensely

I believe I purchased Don's Vietnam Navy uniform on eBay. I looked into the veteran databases to confirm this. The fatigue shirt is dated 1968, branch is US Navy, named Osborne, ranked as Lieutenant. As a collector of Vietnam militaria it is sad to hear of his passing and I am grateful for his service in the Navy.

“ *Dear Sandra and family,
A few years ago I met Don when we sailed together off the coast of Maine for a week. In that short time, I came to know him as a gentleman and a fine shipmate. I am truly saddened by his passing and know that, despite our loss, he is in a better place. Our lives are better for having known him. My sincere condolences.*

“ To Sandy & Don's family and many friends -- Though we share a certain history together in Rye, NH, my friendship with Don goes back much further -- to our U.S. Navy flight training together in Pensacola, Florida in 1966-7. Even then, Don was easily distinguished from the average, testosterone-stuffed, alpha male Student Naval Aviator. Always a consummate professional in the air, on the ground he was easygoing and affable, unusually caring of others and notably fun-loving -- the best of friends. My favorite memories of Don were our weekends together at Navarre Beach where, knowing Vietnam service lay ahead for most of us, we swam, cooked hotdogs, tossed footballs and sang folk songs together on the white sand. Don was always the unassuming leader of these gentle social events, and the primary reason we could forget, at least momentarily, what lay ahead. Don will be much missed by all who knew him, his family foremost. It must be the most welcome of epitaphs that, across almost a half century of friendship, I never heard an unkind word about this most gentlemanly of gentleman. I join many of his fellow airman in looking to the day when, "having slipped the surly bonds of earth" and mortality as well, I see him once again -- and join up, Navy-tight, on his wing.

“ Dear Sandy,
Of course you know how we met you and Don...Your purchase of your home from us on Washington Rd. I know you both made it a special home, sharing wonderful times and raising your boys there.

I am so sorry to hear that Don's journey on this earth has ended. I know he lives on in your hearts. I am thinking of you, sending love and light to all.

“ I met Don many years ago thru NCR/PCA. Have great memories of all the shows and drives that we shared. I hadn't seen him for a number of years until last summer at Stratham Porsche car show. As always he was as friendly, and caring as always. I had no idea of what he was going thru. He was a wonderful man and I am proud to have known him. Sandy- Best wishes and my sympathy.

“ My wife and I are probably among the many who didn't know Don was ill. We both had the privilege of flying with him over the years. I will always remember Don for his bright smile, firm handshake, and genuine interest in our lives. He never complained or looked back. Like so many of our fellow aviators who have gone West, we can still find their smiling faces in the skies above. God Speed, Don Osborne.

“ Sandy, My condolences to you and your family. I have not seen you since we were neighbors in Corpus Christi. Don and I ran into each other time to time during our 3 decades at Delta. Usually passing each other in the pilots lounge or changing planes. Always a smile and an upbeat guy. I'll never forget Don with the pistol on his hip during the hurricane that came thru Corpus. We came close to needing a boat but escaped.

Really wish I could have made it north for the service. My best thoughts for you.

“ *In the early 1970's we were the lucky ones. Don and Sandy and their two young boys moved to New Castle and became our neighbors. They extended their warm friendship immediately, which continues today. We are so very grateful for the memories of our kind and gentle friend, Don - keeping us laughing at dinner parties, cheering us up while recovering from illness, stopping by in one of his super shiny, spotlessly clean cars - just to say "Hi", sharing his remarkable photographs after trips to Provence and Scotland, tirelessly supporting the Lions' Club, enjoying day trips with his buddies to museums and classic diners, appreciating the beauty of the environment and the seacoast, and loving and respecting his devoted wife, Sandy, and his sons and their families. Thank you, Don, for being our friend.*

“ Being recently married to Bill Stedfield, I met his dear freind only several years ago. He and his beautiful wife Sandy came to Bill's retirement party and talked airplanes in a language I wasn't aware of yet. But with that twinkle in his eye he said "I guess we better pay more attention to these two beautiful gals sitting here".....he won me over immediately. I think people who can take photographs the way Don did have that certain something that can capture beauty in a single cloud, a barn or the waves breaking on the shore. I am sad that Don won't be looking through his beloved lens anymore making those beautiful pictures. I do know for certain he is looking down on all who loved him and wishing we knew all the beauty he can now see. Sandy, comfort and peace to you.....that man of yours.....I was honored to have met him. Much love, Cynthia

“ I first met Don in the summer of 1977. He was one of the first pilots to welcome me to BOS. He was always friendly and helpful to the NEW GUY, ready with a funny story. “ Difficult to add anything more to the tributes that have already been made except "Amen". I met Don in Navy squadron VP-9 in 1969 where we were members of the same flight crew, he the Aircraft Commander, I the copilot. I also happened to work for him in the Operations Department of the squadron. Just as everyone has said he was talented, kind, positive, humorous, professional. Always a mentor, always a friend. Over the years wife Cynthia were privileged to share memorable times with Don and Sandy. A more talented, loyal friend a person could never know. Some things are just not fair. May he rest in peace.

“ Along with all the rest of the real Delta Family, I was shocked and saddened to read that Don had died. In 1985 I transferred over to Boston from Chicago on the B-727. To my good fortune, Don was one of the first First Officers I flew with. There was to be many more times of the same. He was a professional, with a quick wit, and helped the "new guy" get acclimated to the unique Boston flying environment. He became a good friend and I will miss him. “ I met Don when he and Sandy first started dating. (Sandy and I have been friends since Junior High school.)

The memory I want to share is an old OLD one: I was maid of honor in their wedding, and shortly after Don and Sandy returned from their honeymoon, I visited them in Corpus Christi ...the fact that he was ok with Sandy's 'best friend' visiting so soon after they were first married has always made me smile - he TRIED to teach me something about sailing. I admit i was not so very quick to learn...

I am so glad that I had a chance to know him. I This was a man of class and talent and such a strong spirit throughout his life and even during this illness. The world has been made richer by his life, and my heart goes out to all of the family.

“ Don was one of the professional pilots with whom you loved to fly. He was a consummate professional, who had a witty sense of humor that made flying with him so much fun. His favorite saying in the cockpit was "keep it light, but do it right." He enjoyed flying and loved the people with whom he flew even more. I learned so much from him and valued his friendship. I am better for having known Don Osborne.
