“ My prayers go out to all of Donna's family. I met Donna about twenty years ago at All Stars and her bubbly personality was one of the first things I noticed. Anyone that knew Donna knew the love she had for her family, and friends. The last time we ran into each other was in the back parking lot at Browns, and I told her " I didn't know you work here " She had that smile of hers, and as she turned to go in we both said see you later. I only learned of her being ill two weeks ago and I was shocked that I was just then hearing about this because you know how things get around in a small town. Megan, I would have reached out to you Darlin, and your Mom but it was at that time I learned the situation was really bad, and I knew you all as a family would be spending every precious moment with your Mom. I will see you later my friend, just as we said the last time we saw each other. My love, thoughts, and prayers are with all of Donna's family. She is spending her first Christmas in Heaven with all the people so loved that went home before her. She is that bubbly girl again without the pain. She is happy now and is in every way the Donna we all know and love. See you later Darlin

“ She was my favorite relative and always made me laugh. She was definitely the life of the party. I will always be great full and appreciative for my last visit with her . She was very talkative,she laughed and even shared memories of of events dealing with her children , my cousins who where also present during my visit. She was coherent and sharp . I will forever remember and refer to her as my aunt do to the very dear and sister like relationship to my mother. They talked on the phone on a daily basis in the morning during coffee for years. She leaves a huge void bug I believe this is just good bye for now. I love you ❤️ .
