Dorinda lived at our house for a few years and one of the fond memories I have is of one very special canoe trip at Lake Kezar in Maine. Over the years I would remind her of it. It brought a lot of smiles and laughs. She will always be in our hearts and memories.

Dorinda, I want to thank you for being in my life and helping me all those years ago with both my girls when I was really sick. I wish I had told you before you left how much I appreciate and loved you. And you will always be in my heart. I feel like I have my own special angel with me now. Love you lots! 💔

“ I can remember the first time I met Dorinda. I was skipping school and she was walking down Kent Street. Someone had yelled out my name and we both turned our heads. She asked me my name I told her. She told me hers. I asked if she was skipping school too and she said yes but needed some place to hide because her uncle worked for the city of Newburyport and he would kill her if he saw her. I told her my dad also worked for the city and I could hide her in my house until school was out. From that moment on we became the best of friends. I went on a lot of trips with her and her husband and she got us lost in New York because she wanted to see where the Twin Towers use to stand. Her husband was so mad, and started to yell at her and she through the map at him and said find your own way out I am taking a nap. Love you Dorinda.

She had the kindest heart, was so giving, and lived for her grandchildrens weekend visits. She wasn't only my sister in law but had become my friend. Moody beach campground will never be the same, she walked her dog as she drove her golf cart,it always made me smile. She will forever have a place in my heart. I remember her using a clothing iron to straighten her hair befor straighteners were out. I always loved her curly hair and never understood why she wanted it straight! I always wanted mine to be curly like hers! Love you and am going to miss you!
