“ My beautiful nana, my partner in crime, my bestfriend, my angel I will hold you closer then ever I can't just pick one memory as for I have way to many but the best one is living 100ft behind you and always having you to lean on. Dinners won't ever be the same but I'll definitely keep your memories alive. I know where ever we go we have a beautiful angel looking over us and for that I can find a tiny bit of peace💜

“ You will be missed so much Auntie. My favorite memory was us always joking around with uncle Joe about who the best looking Hill is. You never failed to come up with a hilarious witty comment. It was my favorite thing about you.

“ to say you are going to be missed is an understatement .. the summers will not be the same.. me cooking on the grill and you over my shoulder telling me I over cooked the food.. and me replying (i said i cant cook) lol the way you would smile and snuggle up to Jimmy when we wanted him to take us to dinner or drive us somewhere.. knowing he would never tell you no.. my favorite is when you wanted to go to the Golden Corral for your birthday.. and you said you were sad there was no bus that went there.. jimmy drove all of us to Springfield so you could have your Golden Corral for your birthday dinner.. I will miss that the most .. give everyone my love up there.. till we meet again 🥺
