“ My heart is broken... Elliot was one of the nicest men in the world... I loved him and Colleen to pieces... Two wonderful people with hearts full of love.. I remember just like it was yesterday when the Rand Church Youth Group went up North one Winter, and Colleen and Elliot were chaperones...Colleen was expecting Joy at the time ... Every time I would see Elliot I don't care where it was I would say " There's the best looking man in Seabrook " and he would you got that right.. I will miss you Darlin, Give Colleen a great big hug from me. All my prayers are with all the family at this time... I love you all, Love Liz

“ *My sympathy to the Eaton Family - especially the grandchildren and great grandchildren whom were the light of his world. "EI" was a true Seabrooker - loved to aggravate and loved to tell a good story! My fondest memory of him was his daily morning deliveries to Brown's - and he was always willing to share his nip with me! RIP "EI"*

“ My papa,

*So many memories. So many legendary sayings I keep hearing from your voice in my head.*

*My pup made his appearance to every single one of my softball games, no matter the weather, no matter his health condition during that day. He would be so mad if my mom mentioned he should stay home. He always had his way and I'd find him on the sidelines.*

*I remember one of my first games with a new team, Southern Maine community college. The team was gearing up to start the first inning, sitting in the dugout. My pup came in and said “girls, what are we gonna do today!!??” I saw the confused looks on the girl's faces. “We're gonna pull em' down and slap em'!!!!” He said. I remember hearing “who's grandpa is that???” From my teammates. Yup! That's him, that's my papa.*

*I'll miss our breakfast dates, times I couldn't get you to stop talking to random strangers, seeing your proud face on the bleachers while I'm on the mound, hearing “that's my baby” as I walk up to my at bat, arguing with the umps, and hearing you constantly remind me how loved I am.*

*I will always cherish the many memories and special bond we shared.*

*I love you so much. ❤️*

*Love,  
Kristen*

“ *My Love & condolences to Evelyn, Joy & Barb💖 my "second family". You, El & Colleen always opened your hearts to all who came into your lives. I was fortunate enough to live next to you & got to experience this daily. A family so full of love & giving like no other! I will miss cooking for El, he always acted like it was the "best" he ever had, it wasn't but it was just El's way to say Thank You. Colleen & El are together now, as they should be.💖*

“ So many memories... So many. To say he was an incredible man is an understatement. When I was a young boy, we would frequently take the beagles to the beagle club in Newbury, MA. The fact that he was able to keep calm with myself and Ryan (2 years younger than me) running around in the woods is an achievement in itself. I absolutely loved those woods, those dogs and spending time with him he really was my hero.

I also remember digging up clams on the beach to bring to him. I thought I was helping him out big time by giving him a pale or two of clams and that made me happy. I must have been no older than 7 and would dig up the clams all by hand just to make him proud.

I also remember just how little of a filter he had, not just verbally... I remember there would be times we would be sitting around the dinner table, likely for a special occasion and he would let out the biggest belch! I think he was just very relaxed with his family... We would continue eating like nothing happened.

Oh, and the times I helped him pick up trash in Meadowstone park and Seabrook village. I worked my butt off so he wouldn't have to get out of the truck... That brought me so much joy. The families that lived in both parks loved seeing my grandfather. He always had that aura around him and could light up a room without even trying. No matter the mood you were in, he put a smile on your face.

I remember him coming to all my sporting events... Whether it was Karate, basketball, soccer, or wrestling he came to all of them. My favorite thing was that he used to give me \$1 for every foul I got in basketball. After the game, win or lose, he would be happy and reward me for me fouling "and showing them who's boss."

I used to love going up north with him and Nan. He used to take Ryan and I fishing and was so proud to have his boys with him. We would pass Kennett middle school on the way to and from camp and he would say "boy, how would you like to move up here with

*me? I'll put you in this school!"*

*I love you so much pup and I could keep going on and on with all the memories I have of you. You will be in my heart forever.*
