“ *Diana and family,
Never forget our growing up together and sharing good times with your mother in No. Andover. Especially enjoyed our trips to the beach when your mother thought we were the greatest when we ran in the beach sand singing "We got up on the right side.....". She said we looked as good as Ester Williams! Ethel kept her beautiful smile right up to last month when you had the KJs visit with her at your home.*

*My love to you and your family,

“ *Diana & family,
Your mom was such a treasure. I love getting her Christmas cards every year as she would always put a little note about all that she was doing. We were also honored to receive her famous banana bread in a can that year you were so gracious to let Pat and the kids stay in the cottage when you were living at Hampton Beach. She lived a long and full life. Even though it is hard to say goodbye and you will miss her so much, she is still with us. Love to all of you.*
