NO... Looks are Deceiving. Special Niece indeed, Megan Benitez Briand. His brothers daughter. Paul Briand never paid child support nor contributed anything anything, nor did Skip, Bella, or any family member contribute to the support of Megan. Bella and Paul wanted me to get an Abortion. I did not. I supported that child myself. The Briand family bad mouthed me from day one and will never stop. That shows their character. Looks are quite deceiving for sure. When Megan turned 18 Skip poisoned her mind against me her mother who supported her. They did not contribute. They were out for revenge for their benefit. The Briand Trait. Hypocrites. They only care about themselves and no one else.

The Briand Family never paid a cent, not a penny, toward the support of Megan Briand. Not food, not child support, not a koimedical or dental bill, not clothing, not education, not shoes, not a birthday card or Christmas card, nothing, absolutely nothing toward the health and welfare of that child. The kind words here do not portray the truth of Skip, his brother Paul, or his family. They bad mouthed me from the start, tried and tried to steal my daughter away. When she turned 18 Skip succeeded to convince her of his undying love. It was all a scam to deceive and blackball the mother of Megan to get revenge. Briand family are Evil and want nothing to do with them. Paul Briand was a bum, alcoholic, drug user, unkind, inconsiderate, bookie, didn't work, spent \$75 to \$100 dollars a day at bars drinking, smoking, doing drugs, and refused to pay child support or anything else. As far as I'm concerned they are all LOOSERS.

Paul Briand lied and deceived me into thinking he worked full time, was a good man, and had a good family. I married him, it was the BIGGEST mistake of my entire life. It was a nightmare, a total nightmare. It was the biggest and worst mistake of my life. Evil person, evil family. If I had to do it all again, believe me I would not have done it. For sure.

Like I said, if I had to do it all over again, I definitely would not have done it, for sure.

Skip finally got revenge on me when Megan turned 17 he convinced her that her father Paul, Skip, and the Briand family loved her tremendously she fell for it believed him and turned against her own mother abandoned me in a hotel room with no money well Paul her own father never paid child support he beat me at nine months pregnant refused to pay rent had to move ten times he lived at the Legion bar everyday spending \$100 a day on drinking drugs cocaine gambling and was a bookie the police dept protected him because they were in on it too gambling I took Paul to court 12 times for child support the judge would not enforce it Paul lied about his income Skip Bella Donny and their sister too all Briand family did not contribute one dollar not anything to the support health and welfare of Megan they all kept trying to steal my daughter away from me badmouthed me every chance they could get Skip professed to Megan that he and Briand family liked me and cared about me convincing her of that but behind her back on the phone with me he said you are not a Briand only Megan is she didn't know he said that to me he made her believe otherwise she fell for it hook line and sinker and abandoned her own mother in a hotel room with no money Megan turned out just like all of Briand evil selfish liars she did not want to help me in anyway like carry the groceries in or clean her room she disobeyed me she tried to run my life she wanted to be in charge she was disrespectful while I worked full time with a broken back to support her and keep a roof over her head Skip is a liar Bella and Paul wanted me to get an abortion I wish I never married Paul and Briand family and gave birth they used me abused me neglected me chewed me up and spit me out I hate all of them.

The Briand family think they are better than anyone else they think they are perfect they badmouth other people to try to make themselves look good or better but they are not they are evil uncaring selfish lying people Megan turned out just the same they ruined 30 years of my life I will never get that back it was a nightmare horror show. I am a much better person than any of them combined I did my job but it did not pay off at all I'm glad I'm out of it now and will never return to that abuse and neglect again ever so they can have her she can have them I really don't care.

Because paul did not want to pay child support megan and I both had to go without a lot of things which resulted megan blaming the way she had to live without things on me what she didn't realize was that back then women only were paid very low wages like \$5 and \$6 dollars an hour no one can live on that and without child support can you imagine what we lacked like food medical care clothes and more but the Briand family did not care at all they knew that paul abused me beat me didn't pay rent or Bill's they knew he was a bookie I didn't they knew he lived at bars everyday drinking smoking marijuana cocaine he was a nut case and unbearable to live with with so inconsiderate Megan's son is a evil pathological lyer looser her daughter is a lesbian they never punished those kids let them do anything they wanted left them alone all day long while at work joey abused andrea beat her kicked her bit her pulled her hair and God only knows what else made her do all the chores at home and lied about it I was on to him so megan and her husband refused to believe it. OMG I am so glad I don't have to deal with this abuse anymore. Never to return guaranteed.

“ *The world has lost a superb human being, a very special person who put his country, his family and his friends needs ahead of his own. It was a great honor and pleasure to know Skip and furthermore it is hard to find the right words to say how proud I am that he was my friend. My heart and condolences goes to the Briand Family for they have lost a great man and now have a void that will be very difficult or perhaps impossible to fill.*

Very Respectfully
