“ *My sincere condolence to the family and friends of Glenn Farrell. We were good friends in college. I met him during our freshman year and we were room mates during our sophomore year (1971-72). He influenced me to study psychology at Columbia and we took several classes together -- introductory psychology, statistics, psychophysics lab. He was very intelligent and a great student, as well as a good friend. We graduated together in 1974 and we went our separate ways.*

*Not too long ago I found him on Facebook and we corresponded by email. I hoped that we might get together in the future. I've pretty much lost contact with most all the people I befriended during my college days so it saddens me to learn of Glenn's passing. I'll always treasure the memories of the good times we shared in the early 1970's.*

“ Dear Family of Glenn,

*I knew Glenn as a customer at Dunkin Donuts on Seabrook beach(seabrook n.h.) He was always so nice to us and I looked forward to seeing him everyday. He always got a large ice coffee with cream and a coffee cake muffin. Sometimes he would get the large ice coffee with a strawberry frosted with sprinkles and a boston kreme. donut.*

*. When it was donuts he would say "its a donut day".*

*This is the day I found out he was gone and though I am sad I am glad I always said to him to have a nice day and see you next time as he left. Hopefully he knew he was cared for.*

*Thank you for allowing me to write here to share memories and to express deep sorrow at his passing. I miss him much!*
