“ *From Holland I send my condolences to son Jan A and Susan and to daughter Lynda.*

*From the internet I understood that Jan and Ruth Staalenburg had made a beautiful garden in 40 years time. That felt a little bit as 'family like' . I love gardenwork.*

*We are very distant family, the grandfather of my own grandfather, Samuel Staalenburg from Bergambacht near Schoonhoven, is also the grandfather of the late Jan Staalenburgs grandfather.*

*My father, also named Jan Staalenburg, was born on 22 october 1908 in Schoonhoven, and married on 1 aug 1940 (so, that is a amazing coincidence those data), he died in 2003 in Utrecht.*

*I never met the family, only some years ago I have seen Mels, when he visited Holland.*

Thoughts and prayers to the family. I was not fortunate enough to have met Jan, although my father (Willem) spoke highly of him and had many funny times they had when they came here from the Netherlands. Hopefully one day, all can meet in person.
