Stratham - In Loving Memory of Janet Elizabeth Keough

January 20, 1945 – October 12, 2025

It's hard to find the words — but if you knew my mom, you know she would have a few ready for me. She passed peacefully on October 12th with the same strength and humor she carried through life.

Born in Cambridge, Massachusetts and raised in Boston, she loved her city and all New England sports teams — as well as her Dunkin' iced tea and Boston Crème donut.

She had a heart as big as they come, gave freely, and found joy in life's simple things.

Mom to me, Erin Elizabeth Tortorella, and husband James. Nana to Gracie, Blake, Natalie, Caroline, and Nica. Great Nana to Blake Anne. Auntie Jan to Lori, Julie, Melissa, Allison, Christopher, and Ryan, whose children she adored watching grow.

Janet was also a neighborhood mom to all of her Bayberry Lane kids growing up.

She was known for her quick wit, generosity, and unwavering kindness. Her legacy is one of strength, laughter, and unconditional love — a reminder to appreciate the beauty in everyday moments and to always find a reason to laugh.

Forever Boston Strong. Forever loved. Rest in peace, Mom.

“ My greatest memories of Janet were her younger years when we would go together with the Saunders family and have a picnic at Miles Standish Park. Also in later life a stop by her retirement Residence in Dover NH I always tried to bring her iced tea and a Boston Cream donut. We had a few luncheons together. To me Janet will always be remembered as a strong courageous women. With love to Erin and the entire family.

I worked with Janet when she was caregiver for one of her friends. A wonderful kind and thoughtful person. So sorry for your loss.
