“ *Jeff and I shared a business relationship for possibly over 15 years. He was a man of integrity, honesty, and trustworthiness. What more can one offer than that? He treated my property as if it was his own and I have to believe he did with all his other clients. The leaning of Jeff's passing shook me right down to my shoes. I will certainly miss Jeff and I believe he would want us to continue to live life to the fullest. May God rest your soul my friend. Donat, North Salem Village, Salem*

“ Jeff was such a great guy and will be missed dearly. I know my dad was there to greet him, they were always so close when my dad was alive. I will always remember all of the fond memories that I have through all of the time my dad worked with Allen and Jeff. May he rest in peace. Much love- Briana Harris

“ I knew Jeff from the time he was small and babysat him and his brother AJ for years. He was a great kid. Always loving and kind. He would give you the shirt off his back. He will be greatly missed by many. I know he'll always have a place in my heart. I'd like to believe that he is in Heaven with his Mom and mine and they're watching over us.

“ At the request of Elizabeth Martin, I am going to post the memories that I read at the cemetery.

*I cannot even begin to express my sense of loss and devastation upon hearing of the death of my best friend, Jeff. There was not a day of my life that he wasn't my friend. Born two months before me, our moms(also best friends) plopped us in the same playpen. I don't remember it, but I met Jeff before I met my own dad. My father was in Viet Nam when I was born, Jeff was just up the street. We went to school together and I got my first job so I could work with him and we could hang out even while working. We played in the back 40(really only 35...), looking for caterpillars and four leafed clovers, spent a day trying to catch a fish with a safety pin we fashioned into a hook( we didn't catch him), played cowboys and Indians with real ponies, learned to ride snowmobiles and dirt bikes together and built THE best fort in an old apple tree. We went to camp and played in the brook, tickling fish and building dams. We walked together at 8th grade graduation and at high school. We dressed up together for homecoming, and I still have the picture to prove how cute he looked dressed as a chick. I am not sure how we survived his Mercury Zephyr, but I am glad we did because we had many more adventures after the Zephyr days. He walked down the aisle and fluffed my train as my MAN of honor at my wedding and his gorgeous little girl, Mariah, made the cutest flower girl I have ever seen in her 'spinny' dress. He helped me pack up the Farm and leave the only home I had ever known, and if it weren't for him I never would have gotten out of there on time. Last summer we ate Mexican food and shopped at the trading post for a little pistol for his girls to target shoot with. He was so incredibly proud of his girls. It made me so happy just to hear him talk about them. I can't imagine how hard this all is for them. I don't know how I will survive without him, it won't be easy, but I know he is up there watching over all the people he loved. And one day I will see him again. Until then, Jefferson Mark-eson Wright-eson, I love you! Love, Elissa May*
