“ *I had the good fortune to work with Jerry for many years at Otsuka. He was a thoughtful and caring person and I have wonderful memories of looking at his photographs and talking about his vacations. Such a kind person and keen observer - both at work and in the details his pictures evoked. My deepest sympathies to the family.*

“ Jerry was a wonderful person that will be missed by many people. I will always remember how happy he was to go find new things to photograph and share his works. I always remember that he got up early and started taking pictures very early in the morning. He was passionate about everything in his life. A wonderful husband to Mary, father to Mike and Brother/Brother-in-law to Rick and I and an Uncle to many nieces and nephews. I will miss hearing your soft voice and your calm demeanor. Thanks for always accepting me and being the big brother I always wanted!
