“ *To John's family, Although I never met you Kathy and Sarah, I feel as if I do because spoke of you frequently and with love. I was stunned by John's passing and so young at just 64. I wish you well in the coming days and months. John is the first of our Magnificent Seven to leave and he will be missed. A soft spoken and true gentle-man.*

RIP Brick.

“ John was a very good friend of my families. He was an amazing man, with a gentle heart and kind spirit. We would spend every single Christmas Eve with him and his amazing wife and daughter and those amazing memories will be with me forever. I will never ever forget last Christmas I opened my gift from Kathy, John and Sara and it was a glass ornament ball filled with sea glass from my grandmothers beach in east Boothbsy Maine as well as some that was found locally. John was so thoughtful to make one for both me and my mom, he always thought about the other person... And himself last. This ornament is on display in my apartment in a prominent place to always remember the most amazing family friend to ever be in my life. I love you John, Kathy and Sarah.

“ John was a loving husband, father and a wonderful brother-in-law. He was always nice to the "little sister." He took me to Shea Stadium to watch the Mets and was not scared to give me driving lessons on the Sprain Brook Parkway. A couple years ago he gave me a glass heart filled with the sea glass he found on the beach and it will be cherished forever. John will be missed by all.

Remember those summer days we played baseball at the park rules were once we heard the Brickley dinner whistle game was over.
