“ *My husband was diagnosed of Parkinsons disease 2 years ago, when he was 59. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Siferol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with. Suspecting it was the medication I took him off the Siferol (with the doctor's knowledge) him on PD natural herbal formula we ordered from TREE OF LIFE HEALTH CLINIC, his symptoms totally declined over a 3 weeks use of the TREE OF LIFE HEALTH Parkinson's disease natural herbal formula. He is now almost 61 and doing very well, the disease is totally reversed! (w w w. treeoflifeherbalclinic .com)*

“ *I am sadden to read of John's passing. I worked with him for many years at PCA in Hooksette. I can still hear his voice today telling me to "just KISS it" (Keep It Simple Stupid). I often reflect back on our conversations and experiences together. He was a great mentor and an amazing man. I will miss you John!*
