“ *Dear Lucille, both You and JOhn are in my thoughts and prayers. John was such good company and we had some wonderful conversations together at The Warwick Club. Unfortunately, I will not be able to be with you on the twenty-fourth. Agape, Ned Tate*

“ *Our sincere condolences to all his family. So many memories of John, but I'll share one quick one that springs to mind: many years ago, towards the end of the "dot.com" boom, John and I went to go see a demonstration of an "internet controlled backhoe"(!) at a MIT-trained entrepreneur's barn here in Southern NH. As he had predicted --he had many unusually strong opinions -- it was far less impressive than billed (frankly, it hardly moved at all....). Nonetheless, we had a great ride over (he drove, top down -- of course!), fun lunch and on the way back, as we enjoyed the sunshine, wind and each other's company he simply proclaimed: "How lucky are we to have a day like this!". We were, and I will always be thankful for the many lessons & stories John shared with me over the years, including how to enjoy & appreciate the good days well! RIP Doug Vincent*

*Lucille,*

*My condolences to you and your family on John's passing. We had the pleasure of playing golf a number of times at the Wentworth. Even though he would often speak of how unsteady he was, he was such a gentleman who shared many life stories and his love of family. It was a pleasure knowing him and thinking of you and your family during this time.*
