“ Oh my, my mother and I just got the letter from the office and are in shock. We and so so very sorry to hear of Joni's passing. We were just talking about her the other day and sharing how we both loved her as a Dr and that we both loved her voice so much. I shared how Joni used to hum while I was in the chair, and all the jokes etc that she, Adaline and I would tell. I never enjoyed a dentist so much. She and her staff were always so great that when I moved back to Hampton last month I couldn't wait to go see her and Adaline again. Please know just how sorry we are. Her presence will sorely be missed, but her love, laughter and love of song will live on always. Rest in peace Joni...I will keep you and your family and staff in my heartfelt prayers.

“ To The Family and Staff of Dr. Barrows, Having just learned the news of Dr Barrow's passing has brought not only shock, but that feeling of overwhelming sadness and that uneasy feeling in my stomach. Although I had transferred to another office quite some time ago, the care and compassion that Dr. Barrows always gave to myself and my daughter was never questionable. We always shared our stories about our compassion for the love of our cats, and I was amazed at how she remembered all my animals names! She was truly a special person to everyone!

“ *Dr. B. will be so missed! We and our family were patients from about 1992. When we moved from Hampton NH to Bangor Maine about 18 years ago, we continued to travel to NH to see our favorite dentist and those at the office, as we valued her friendship, her expertise and her compassion. All our best thoughts to her family and friends. She was a pleasure to know.*

“ *I met Dr. Barrows in Exeter and when she opened her office in Hampton, there was no question about me following her. As Adelaide and SUE will confirm I was not an easy patient. I was famous for growling at the Dr for no reason! We were the best of friends and spent most of the visit laughing. She was so caring and compassionate. She surely will be missed.*

“ *Joni A. B. Barrows, D.D.S.*

I will always remember our first conversation eighteen years ago, when you learned I lived in Illinois and Michigan. You told me that "the New Englanders were harder to get to know, but once you got to know them, they are very open, real, and genuine. But it was harder to get use to the rotaries." Well, as a midwesterner, I agree.

I will miss you and our many conversations about patient care. You were always very thorough, while looking for the most practical way to meet your patient's needs. Your patients loved you and were dedicated to your care. I feel that I have lost a colleague and a friend.

“ *Terry & Family*

Joni was special to me, from patient to friend, we shared so many ideas, nice times out, as well as great "chair" conversations! She enjoyed my boutique in NH and I became her personal shopper! Even my new husband joined the patient list and enjoyed Joni's chair side charm.

On 6/25-26 I was in Maine Med for knee surgery, and for a week in my recovery, she has been on my mind to catch up with, as we were going to meet so that I could get to know you!

I'm so sorry I can't travel that far to see you today. Joni spoke so highly of you and your family, that I wish I could be present for the remembrances.

To family, Adeline and Sue, I hope the sadness is replaced by special memories of our very spirited, optimistic & fun Joni soon!

“ *I have known Joni since Jr. High but sadly have not seen her since High School. She will be sadly missed and remembered for the wonderful fulfilled caring person she was. We use to have so much fun in Y-Teens together. One of my fondest memories of Joni was that she had to sit on a pillow to drive her car and then you could barely see her above the steering wheel. She could always put a smile on your face and make you laugh. Glad to here that she had such a fulfilling life and I know that God has received her with open arms. My sadness reaches out to her husband and family. My prayers have been sent to help comfort you.*

“ *How sad our family is to hear of Joni's passing. She was interning in Exeter when I first met her, she was so warm and welcoming to my children while I was in the chair I knew that she was someone I would follow and we did. All three of my children have grown up with her as a caring, passionate and skilled professional. We will all miss her and send our love and condolences to her family. She has been a special part of ours ! Love, The Holders, Anne, Jay, Ryan and Suzi.*
