“ *Kathy, you were more than just my mother in law. You were one of my best friends. Just last night Aesop did something that made me grab for the phone and call you. I'll miss our weekly phone calls. Even if half the time I had no idea what you were talking about, it was great to hear your stories, your memories.*

I take comfort that you are now at peace and that Aesop is at the age where he can hold on to memories of you through his life

I can't tell you how many times we have laughed together until our sides hurt. We have oh so many memories of our younger days. My heart aches. There will be an emptiness on face book without you. I am so rich from knowing you my friend. Your laughter will be forever etched in my mind.
