“ Hi, my Darlin, Happy Thanksgiving in Heaven. Every day is Thanksgiving in Heaven, and it must be wonderful. I miss having you pop in and making everyone laugh as you fill your plate talking a hundred miles an hour. It was as though the room lit up when you were here. We are getting closer every hour, minute, and second to being together again, and I can't wait. An awful lot of Seabrook people have arrived up there in the last few weeks, and while we will miss them here they are in a much better place now. Give everyone a hug from me, and go meet my friend Tyson BeZ, and give Val a huge hug from me, I think about calling her all the time, and then I remember she's in Heaven. I love you, my girl... I hear crazy Lorriane saying what about me? Give her a hug too. :(I miss you and love you so much, Mama

“ Hi my girl, It's a New Year, and things aren't starting out to good. I miss you so much. Sometimes a lot more then others, but I'm always thinking of you, and just waiting for that day we will be together again forever. This was our 4th Christmas without you, and in a couple of months it will be 4 years that you went home to be with the Lord. I know your happy, healthy, and safe, and for that I am grateful. God is so good my girl, and I know he loves you even more then I do, which as a mother it seems hard to imagine, but I know it's true. I just had to write here on your page today because one of your dear friends has also gone home this week to be with the Lord, and I know the hell his family is going through. Please ask him to go to his mother in a dream, and let her know that he is ok, that he is truly happy, and healthy, and please have him make sure she remembers her visit with him when she wakes up. It will help give her a little bit of peace during this difficult time. I always love my visits from you... I love you, and miss you with all my heart, Love Mama

“ Its been 14,256,000... 14,256,001.. 14,256,002 seconds.
5 months & 12 days.

I miss you. more than anyone could ever understand.

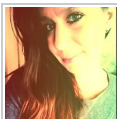

It has been the longest and most difficult 165 of my life, without u.

Who could even compare? there is not a soul on this planet that could love anywhere near like we did. soulmates. I'm positive. you favored me, we'd joke that I was more your own child than moms. it was funny, cuz its true. every milestone or opsticle i faced; u were always, always there guiding me. embracing me in the tightest bear u could imagine..just so i didnt have to cry alone. you didnt just say that u knew how i felt or you had an idea of what i was going through..you honest to God truly felt it like it was your own pain. how many times did I have to watch you cry, because something happened to me & you wanted so badly to take MY pain. You truly loved me from the bottom of your heart. it pained u to warn me, to protect me from the ugly truths that were coming ahead of me. you'd been there.. and it was like your personal mission with me, to make sure you could explain to me how things should be in a way that would always leave me with understanding and compassion and faith in my heart, that no matter how hard someone 'loved' me.. they were certainly gonna be the ones who hurt me most. cuz u thought i was special. u saw this "light" in me that you had in yourself. id get so mad..almost offended cuz you'd say "you're JUST like me" in every which possible way. we were like 2 of a kind. and thats just sayin it simply. we were the outcasts or blacksheep cuz they didnt know any better. and for that.. we dealt with the same battles.the same desire for a love from people who wern't even capable of even loving themselves. we'd pray for them instead of wishing the things on them that they would do to us. you showed me to stay true to my own heart and faith. and to not hold grudges but, be forgiving because u helped me understand that I've been in need of forgivness myself. the more time that passes, the more i can see how much of who i truly am is because of you.

EVERYTHING i been writing about, how i try to bless others..you fused it into my spirit. you made sure of it. your the only one who wasnt afraid to hurt me with the truth. you didnt do it to hurt me, but

it was and is better to stay honest..even if its gonna hurt. i cry when i look in the mirror too long. theres just too much about myself that reminds me of u. i think to myself "Im JUST like her" and it kills me. because you're not here for me to tell..to embrace in one of your bear hugs, and show u how much of an honor that truly is! how could i of ever been offended? You... are one of the only people I've met that actually knows how to love. when most would give up showing they care the slightest cuz maybe they cant forgive or they dont think someones deserving of good gestures.. you never did that. u couldnt even when u wanted to. you knew that you dont overcome evil with evil. you overcome evil with good. surprise someone thats done u wrong and doesnt think for a second you would help them.. THOSE are the ones u showed love to the most. the ones who truly needed it. why else would i forgive my exhusband or vickie? cuz u showed me your heart. and i dont know what else to do these days other than thank GOD. cuz he gave ME the greatest blessing when i was born and he told you, that lil girl is yours. and ever since.. thats what u did. you truly loved me more than ANYONE ever could. I am of the luckiest people in your life. to have been THAT special to you! I hope u know I understand now. and that no matter how many more seconds i have to go with seeing you here with me physically.. Im never gonna be able to forget any of it.. even if i wanted to. you poured it all straight to my soul. i dont wanna hurt anymore. i dont wanna miss u so bad that i cry. its my turn, to pick up where u left off & show the world..how to truly love. you dont know, or maybe u do.. but your saving my life as we know it. I couldnt be as amazing as i am, in my heart.. if it wasnt for u. "noth

She was my maid of honor at my wedding, she always made things interesting as she chewed her gum in front of the whole church! (I didn't care)
Kelly would lite up the room with her beautiful smile and eyes! She had so much compassion and love in her heart.
I am so sorry for my friend Liz her Mom, Uncle Johnny and her children Trevor and Kaitlyn and the rest of her family. Take comfort in that she is in Gods hands and not suffering anymore.

“ She was always very nice to me, she was a sweet beautiful girl. She will definitely be missed. Im very sorry for your loss. One of my favorite memories is when she told me how she was very happy to see a local boy do good with my business. It made me feel good that she noticed. Always a smile . Just a sweet genuine person .Surely will be missed
