

Kenneth W. Emmons Sr.

October 20, 1953 - May 13, 2024

Hampton - Kenneth W. Emmons Sr., 70, of Hampton, passed away at his home after a long battle with cancer, surrounded by his loving family, on Monday, May 13, 2024.

He was born on October 20, 1953, in Lynn, MA, to the late Herbert and Betty (Guimond) Emmons.

He met his wife Jean Dool and they married in Lynn on June 2, 1972. In 1985 they moved to Kingston, NH until 2009 when they relocated to Hampton, where they remained until the time of Ken's passing.

Ken worked for QA Technology Company, Inc. as a machine maintenance mechanic for 30 years until the time of his retirement. He was liked and respected by his many coworkers and was happy to have worked there alongside such great people.

Ken loved riding his various Harley Davidson motorcycles over the years, and spending time with his family.

Surviving family members include his wife of fifty two years, Jean and his children Ken Emmons Jr. and Holly Sylvain. He also leaves behind his grandchildren Adrian and Ian Emmons, Zackary Sylvain and Amelia Monteiro, as well as his sister Gail Mclsaac and husband Rick, his brother Mark

Emmons, and many extended family members and friends who will miss him dearly.

The family would like to thank Exeter Hospital's Center for Cancer Care, Massachusetts General Hospital, and the Hampton Fire and Rescue for their care and compassion. The family requests that any donations in his memory to be made to Exeter Hospital's Michael & Jeanne Falzone Center for Cancer Care by clicking here (<https://www.exeterhospital.com/About-Us/Give/Online-Donations>)

“ Ken, Jean, Holly, and Kenny my second family. When I need some serenity I would stay at your home in Kingston. Ken was always sitting at the table drinking coffee and smoking reds. He knew I was I hooligan but invited me into there home with open arms. I think of the love this family gave to me often though out my adult years. I had a feeling I need to reach out Ken and Jean to thank them for everything they did for me. I have so many positive memories with them and in their home. I hold on to those memories. Riding on the back on Ken’s motorcycle, going to dances in Lynn, cookouts, and laughter. I was talking about my favorite memory just the other day, Holly and I skipped school and went out to breakfast, Ken walked into the breakfast place and caught us, instead of scolding us he sat down and had breakfast with us and even payed the bill. I have missed you all and I am praying. Jean and Ken were always together their love taught me what life is really about. Much love, Bobbi

Bobbi,
Thank you for sharing your thoughts and memories of my father. My family appreciates it.

Holly Sylvain - June 01, 2024 at 06:23 AM

“ I worked with Ken for every one of his 30 years at QA. I can echo everything that Eric Fachon already said about working with Ken and I would add that whenever any of the engineers saw him bearing down on them, they knew immediately some problem had to be addressed! I'll always miss his warm smile and hearty laugh. Rest in peace Ken, it was a pleasure knowing you.

David Coe - May 20, 2024 at 04:54 PM

*David,
Thank you for kind words at this difficult time for my family.*

Holly Sylvain - June 01, 2024 at 06:21 AM

“ I worked with Ken for most of his 30 years here at QA. When Ken would bring a machine problem to my attention, it was almost always accompanied by a thorough description of the symptoms and an analysis of the potential underlying problem. Ken would usually offer a suggestion or two about how we could improve the machine as well. The depth of his experience gave him insights that were absolutely invaluable, and he is sorely missed. Ken could present a gruff exterior, but he was quite warm and friendly when you got to know him. I recall the fine summer day when he learned that I'd never ridden on a motorcycle in my adult life. Nothing would do but he had to take me for a ride on the back of his Harley. Ken battled mightily against the illnesses of the past few years, supported in no small measure by his loving family. Loss is always hard, but Ken is at peace now. My sympathies go out to all the family.

Eric Fachon - May 20, 2024 at 02:56 PM

“ Ken Emmons was a great guy and good friend for 40 years. First met at Wingersheek Torbo Torch in Danvers. When he moved to NH, he talked me into moving there too. Then got me to work with him again at Q.A. Technology. Showed me the hot fishing spots for trout. Then there were the motorcycle rides to Laconia and up the mountains. Ken you will be missed but not forgotten.....Ride on my Friend.....
