

Laurie Janvrin

September 24, 1960 - November 7, 2023

It is with great sorrow and a heavy heart that we announce the unexpected passing of our dear, sweet Laurie on November 7th, 2023.

Laurie was a very loving, caring young woman who adored everyone that she came into contact with. She had a zest for life and a wonderful gift of remembering everyone's dates of birth, even the dates of their siblings, children and extended family members. Laurie loved deeply, with every ounce of her being. She enjoyed art and making such wonderful pieces to give to friends and family. Also, some of her works of art were on display, where she sold a few to the public. She had also won a couple of awards for her inspiring work.

Laurie was passionate about her Red Sox, you would often hear her yelling out at the tv to one or more of the players during any given game. Laurie and her Mother, Elizabeth, would swap stories of how they felt the game should have gone and who their favorite team players were. This passion was only matched by one other. That was Elvis. She enjoyed his movies and even more so, his music. She had a few collectibles pertaining to Elvis and a few good movies that she would watch on her DVD player. Singing Karaoke, with her family, at any family get together was something she always enjoyed. Something we all enjoyed with her. At times, you would see her walking up and down the street with her headphones on, listening to Elton John or Elvis

while belting out a tune.

Laurie will be truly, sadly missed. She leaves behind her Mother, Elizabeth, her sister, Lynne and her children Keera, and Daryk, along with their children. Her niece, Jessica, her great nephew Aidan who she cherished and many great nephews. Laurie loved her family so very much.

Tribute Wall

KA

“ Laurie and I went to Coastal Connections together and I liked our friendship we shared. I will miss her very much.
Sending my condolences to all of her family.
With love,
Karen Aubin
