“ Deepest Sympathies to all Margaret's family and friends. She welcomed our team Cascade Maverik Lacrosse into the Bauer family in 2013 and was an intricate part of our training in Liverpool. During our down time we were able to kick back and enjoy time out of the office which is where I connected with Margaret to learn of her family, friends, passions and noticed her fire for life. She was a pleasure to work with and I am saddened to hear of her sudden departure.

“ *There are no words to say how sorry I was to hear about Margaret; I was part of her customer service team--Margaret was always pleasant, supportive, funny and a good listener. A fond memory is the laughing pig "Bacon" that we all chipped in and bought for her as a birthday gift--this silly toy rolled on the floor with an infectious laugh that would make everyone smile. She loved it. My thoughts and prayers are with her family at such a difficult time.*

*Joan,
this is such a great memory I have of her as well. She turned that thing on every day for weeks it seemed and laughed hysterically until tears were in her eyes, it never got old for her! Sitting right next to her office I got to witness this every day! Her happiness even for silly things was infectious. There are many great memories I have of her in the time that I worked for her in customer service, I can only imagine the many other memories that you and the rest of the customer service team have after spending even more years with her!*

Bacon apparently played a role in the 6.5 SAP upgrade; he was in the testing room as well 😊
