*Janet and David, and extended family, words cannot express what I witness to the love that was shared in your house and how happy and at peace Marge was there. The love and care that she received without a doubt extended her time here on earth. I still remember when Marge first came to live with you both and what a "fashion Bug" she always was ( matching shirt, pants ect ) How she always said hello, would sit on the porch and independent as all hell. David you are a good man and that has a lot to say about Marge as a person. Janet you gave so much to Marge, and I can only hope to be some day half the women your are. And Marge brought so much joy to David and Janet's entire family, even when she was full of salt and vinegar. Marge will be sadly missed by all that knew and met her. She leaves behind a legacy of goodness, love and strength! My love to all of you - Jodi T.*

I am proud to say that I am her son.She was the best mom anyone could have ever asked for.She always made sure that as kids we had everything that we needed.she worked very hard to show us that if you treat people with respect and kindness that this would be a better place for everyone.she was the best grandmother and great grandmother that my family could have ever wanted.Even as a adult if I did something that she did not like she would say I am going to knock you for a loop.I never really understood what that meant but new I didn't want it I will always love you Mom please give Chuck Tammy and Terry a big hug for me so until we are together again I will always keep you in my heart love your very proud son
