“ I had the privilege to work with Marilynn at Hampton Academy. My favorite memory was the year she was working with a nonverbal student. We were doing the Legend of Sleepy Hollow. Marilynn went and put together six pictures in the hope that he would understand some of the story. When we got to the end where Ichabod disappears, the child began laughing. Marilynn had left the page blank. He got it! She was quite the teacher. My condolences to the family. She was a gem.

“ Bill, I'm so sorry to read of Marilynn's passing; you and your family are in my thoughts. I remember when we first met, oh so many years ago, and how her giggle could make anyone smile. May you find comfort in your memories.

She was my aunt and my father's sister. She was also my surrogate mother. I used to talk to her every week about the things going on in my life.
