“ *I have so many fond memories of Marion hike teaching at Biddeford Primary School. When I was hired, I was given the room key and not much else. Marion was the first colleague I met and became a mentor to me. She spent hours with me in my new classroom teaching me the ropes and putting my mind at ease. She was always there to help. She shared her wisdom and experience liberally to help young teachers learn and grow. I will forever remember her smile and laugh. So very sorry for your loss. My deepest condolences. She was a wonderful woman. Sure to be missed by many.*

I loved working with Marion at Biddeford Primary School. She had so much wisdom to share, and from her I learned especially not to sweat the small stuff. I loved listening to Marion's loving stories about her family and sharing a laugh with her regularly. My family and I visited Marion out in Arizona some years ago, and we will never forget her friendship and kindness and our wonderful trip with her. God bless you, Marion, and God bless to her family.
